Olost 25 April 2025

Dear Ms Kristy Coventry,

I am writing to you on behalf of the students of the school Terra Nostra from Olost, Barcelona. We would like to express our disagreement about the bronze medal disqualification of Elena Congost because we consider it unfair.

We understand the importance of the rules and they have to be followed but she did the action in order to help her partner and guide Mia Carol who was suffering a strong cramp in his leg and he was not able to walk properly. This is why we consider her objective was not to cheat but to help her partner. She has made a great effort in her professional career and the bronze medal was the recognition of it.

This is why we would like to manifest our discord and we request a review of the Olympic regulations.

Yours sincerely,

Arlet Corominas, on behalf of the students of the school Terra Nostra.
